

WATER | WAYS

Indiana Tour 2021/2022

April 15, 2022 - May 22, 2022

Join us this spring at The Museum at Lassen's Resort
Learn · Discover · Explore

We are connected to water in ways we may not always realize. And, since water is a shared resource, water connects everyone. *Water/Ways* reveals the central nature of water in our lives by exploring its role on our planet - culturally, environmentally, and historically.

Schedule your field trip experience:

- Accommodating class groups of approximately 25 students (2 groups/visit) with at least 4 chaperones per group
- 30 minute *Water/Ways* exhibition rotated with 30 minute *The Story of Cedar Lake* exhibit gallery tour experience
- \$5 per student (teachers & chaperones free)

Contact us with questions or to inquire about your preferred date at info@cedarlakehistory.org or 219.390.9423. Additional program details at www.lassensresort.org/waterways

Smithsonian indianahumanities

Water/Ways is part of Museums on Main Street, a collaboration between the Smithsonian Institution and the Indiana Humanities Council, and was adapted from an exhibition organized by the American Museum of Natural History, New York. Presented locally by the Cedar Lake Historical Association.
